

CHIEFS BOARD REPORT JANUARY 2019 **INDIAN HILLS FIRE PROTECTION DISTRICT**

January 23, 2019

1) Atv is here and the trailer is to be delivered on Thursday morning January 24th. Also, we did our first training last night with the Atv since there was snow, it was a great opportunity to test the capabilities of the snow tracks and how the unit handled with the tracks. We will also have another weekend 4-hour training sponsored by Can Am in March or April.

2) The water district zone 3 which is from Picutis Road to the top of the valley had a leak draining both storage tanks it was discovered on Monday January 7th

Also, this weekend it had the same problem where the tanks ran out of water again, usage heavier than they could refill. Tanks backup to 7' as of today.

3) Jefferson County Open Space Parks has put a permanent ban on all campfires and charcoal grills.

4) The apparatus exhaust filters should be installed by mid-February.

5) Engine 341 is going to MDI on Wednesday January 30th for a fuel problem could cost up to \$ 8,000 to repair.

Call total for 2018 was 278
