

Chief's Report April 2022

- Engine 341 is fully repaired and back in service.
- Utility 351 now has the drawers and topper installed and is pretty much built out.
- Tender 376 needed a seal on the pump replaced. Pretty spendy repair and the bill should be coming next month.
- The Marshall Fire has been billed for the repairs to Engine 342 and the bill has been accepted.
- Community Paramedic program with neighboring districts.
- Ember Alliance continues to work on products, mostly still mapping, but they're beginning some initial public outreach.
